PTO & HYDRAULICS

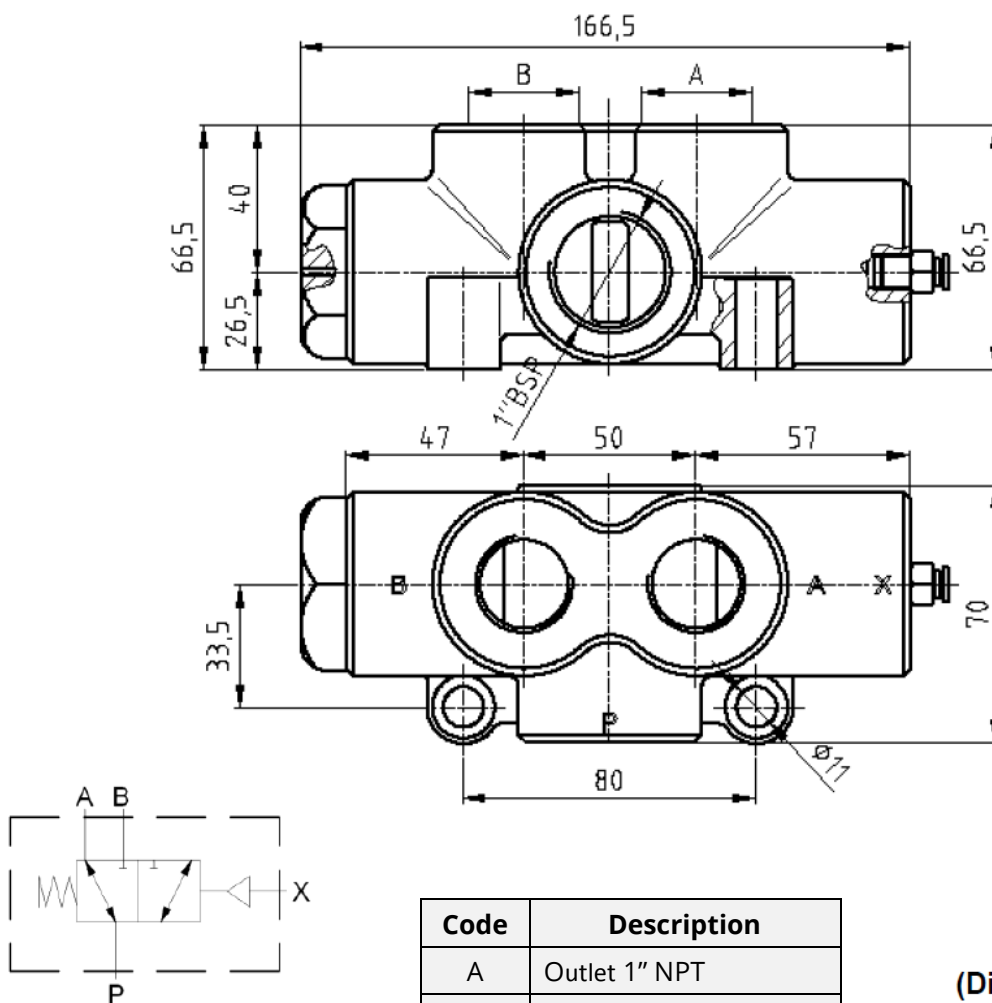

Hydraulic Selector Valve

- Model Number: DC3V10AP
- High Pressure 3 Way Flow Divider
- Pneumatic Selector
- Maximum Pressure = 5800 psi
- Flow Rate = 66 GPM
- Air Pressure: 65 to 175 psi

ABER

Manufacturing Hydraulic Excellence since 1972

Note: ABER is constantly engaged in improving its products and, therefore, reserves itself the right to modify without any further notice the characteristics shown in this material.

Code	Description
A	Outlet 1" NPT
B	Outlet 1" NPT
P	Pressure 1" NPT
X	Air Inlet R1/8"

(Dimensions in mm)
